Presbyterian Religion and Spirituality - Allan West David Brown preached from 2 Corinthians 9:13-14 (NET Bible). The Theocracy has become a church so that everyone can fit into the Theocracy. We are exhorted to become theocracy in order to better fulfill our tasks in Jesus's service. God commands us to put on the old man, the one he formed in us; in the likeness of his death, he is to walk in newness of life. There are three words that ring a bell to me and should ring a bell in your heart. Old man, new man, death. I believe that as we become a Theocracy we will create a culture of death. We will die to the things that make us live to glorify the glory of God. We will see our standards become lowered by the way we treat each other. We will look down on the outcasts and the sinners. We will despise the different things that make us different. We will reject God's counter-culture because we want to fit in with the culture of people. Noting the concerns of the Theocracy in the Scriptures, we can not miss the picture of God's Law. 2 Corinthians 9:13-14 (NET Bible) reads: "For now, we know in part; then we shall know fully just as we are fully known. We know that if anyone is building on this foundation with gold, silver, precious stones, wood, hay, straw, each one's work will become evident, for the Day will bring it out into the light. It will be revealed with fire, and the fire will test what sort of work each has

Treatment of a dual defect: simultaneous placement of a wing-tip extension-reservoir system and a short-stem femoral revision stem. Long-term use of a dual-defect bearing prosthesis poses special problems. The treatment of an elderly patient with a dual-defect, cemented, fully articulating, cementless coated total hip arthroplasty, presents special treatment and repair challenges. This was a case of a 60-year-old male patient with cemented total hip arthroplasty and a loose-fitting cementless short-stem femoral revision stem. Treatment consisted of a combination of hemispherical and asymmetrical isthmus extension-reservoir implant and a revision stem. Samuel Eto'o: Told Chelsea he wanted to leave this month Chelsea and Turkey striker Samuel Eto'o have agreed to terminate his contract and move to Galatasaray, with the player informed of the decision on Friday. The 30-year-old, who joined Stamford Bridge in 2004, made just six appearances for the club last season but it is understood that Chelsea were unhappy with his level of performance as the campaign drew to a close. Eto'o, who signed a new three-year deal at Chelsea in 2009, has won a number of trophies during his time in England but was not part of Roberto Di Matteo's plans this season. Eto'o was a transfer target for Atletico Madrid in the summer and still has an option to join Los Rojiblancos in July if they reach the Champions League final. Galatasaray are now Eto'o's destination. He told Sky Sports 1: "I just came back home and met with my agent [Dimitri] Dimitrov. He called Chelsea and told them that I'd like to leave. "My decision
