Note: When her husband returns home, he wakes her up and he seems like he's been away a long time. Kathy races upstairs, only to discover that she's been having phone sex with their next door neighbor. Kathy is annoyed at having to end the call, but when she finds her husband dead in bed, she is sure that it's not a coincidence. Now, since Emily has spent all night jacking off to porn, she's tired, horny and needs to relax. There's just no way she'll be able to do that with two men living just a few houses away from her. She heads over to the living room and takes out a condom while standing in front of a mirror. As she's admiring herself, her two neighbors walk in, carrying different types of fruits. Emily is intrigued by the carrots she sees in the guys' hands and she wants to show off her own, so she shakes a carrot off of the counter and down the front of her shirt. The two neighbors immediately become a little distracted, watching their beautiful neighbor. Neither of them had ever seen a package quite like this before. After a while, they start admiring each other's carrots. However, they can't stop staring at Emily's shirt, which is also full of holes. Then, they make their move, and when Emily turns around, they are each fully naked with their respective packages. After grabbing the fruits, the guys get a great hardon and start to jack off while watching Emily. She grabs the carrot they're holding and

starts to stroke it. Then, she gets on her knees and kneels between their legs. Once she's there, the guys grab Emily's hair and pull her head towards their packages. They rub their cocks up and down her back as Emily gets more and more turned on. As they start to rub their cocks over her tits, Emily finally blows her neighbors and then gets back on her knees and gives them the blowjob of their lives. When they're all done, the guys pull down Emily's bra and suck on her tits, giving her a great titty fuck. Emily licks the guys' balls while
