A group of friends decides to go camping for the weekend. They go to a camp nearby their hometown, and never imagine the horror that awaits them. During the camping, Brad gets hungry and decides to go to the kitchen. He walks into a room and finds his mother lying in a pool of blood with her body torn apart. Brad panics and runs away to tell the others. The boys decide to go back in search of his mother's killer. Back at the camp, Brad is terrified when he hears a sound in the woods. They decide to go investigate, but they are caught by the pig's head. He gives them the opportunity to live or die... ABOUT THE RAPID WITCH PROJECT Rapid Witch is a new studio founded by 2 game developers and a composer to create supernatural action-adventure games. The studio was created in April 2015. During a summer camp, Brad sees his mother being brutally murdered. After a few years he decides to return to the site with his friends to go camping for the weekend and lose the trauma that haunts him. But he didn't expect to find the same killer who took his mother's life, the famous and cruel killer known as "pig's head". ABOUT GAMEPLAY: Camera: Semi fixed camera, old ps1 game style. Controller: Full compatibility with Xbox 360 controller. Graphics: Inspired by old ps1 games and the era of vhs tapes. History: Classic history of 80's slasher horror movies. Movement: Control tank style old ps1 games. Duration: It's a short game, lasts about 1 hour. Finals: The game contains two endings, live or die! NOTE: The game is inspired by the 80's slasher horror movies. It contains a lot of violence, mutilations and acid humor. It's a low-budget game giving the impression of amateurish filmmaking in old movies. Recommended for lovers of the era of VHS tapes and old ps1 games. About The Game Blood Camp: A group of friends decides to go camping for the weekend. They go to a camp nearby their hometown, and never imagine the horror that awaits them. During the camping, Brad gets hungry and decides to go to the kitchen

The game was developed by the team from the USA. The team is consisting of 3 programmers and 2 designers. The team consisted of developers from different countries: - United States: Jeff Hedding, Alex - Ukraine: Sergey Volosok - Russia: Valentin Gavrilov, Nazaryana - Germany: Ralph Therolf The team decided to publish the game on the official site Unity3D. You should be familiar with the Unity3D game engine: for the purpose of creating the game, we used Unity3D. For the game on the site, we used Unity3D on the basis of the project editor. The game is distributed on the site as a Unity project with the help of the project editor. You just drag-and-drop the assets of the game and

then it builds automatically. To add some sounds, we took advantage of the Wwise engine. The technology of the game was developed on the basis of the unreal engine 4. On the basis of the game engine, we first created the 2D artwork with the help of three-dimensional objects. This project was created with the help of Blender 3D, created by Blender Foundation. In the game, the graphics are real-time. The scale of one pixel in the game can reach up to 10000 meters. Happy game!!! A: We've got a short gameplay video for you. It shows the basic concept: Please note that we're still prototyping at this stage and still a bit rough around the edges. We'll keep you guys posted on the progress. A: You could use this site to help you out with your game: And this site: That's all I can offer at the moment. "Infinos Gaiden" is a kind of 90's arcade style side scrolling shooter with a great sense of design. I'm making a sequel to the game that is I can say looks very fun and challenging to an extent. Game "Infinos Gaiden 2" Gameplay: The elements of the game are not changed at all and the graphic is a little different from the original version. I'm continuing the game story from the beginning, the idea of the new game is to capture the freedom and protect it from being taken over. I wonder if the freedom that the game seems to have is the true fact! The weapons are also improved. In "Infinos Gaiden," the enemies make fierce attacks, so try to keep it safe with the foreknowledge that enemies attack a lot! Game "Infinos Gaiden 2" in production. You can expect a little change in the Graphics! Game "Infinos Gaiden" Website: ----[Contents] 00. Intro 01. Gun 02. M-Switcher 03. Bit 04. 4 Pieces 05. Shots 06. Highlight 07. Character Vote 08. Character 09. Production ----[Intro] Welcome to "Infinos Gaiden 2" and congratulations! "Infinos Gaiden" is a side scrolling shooter game made by Hyakutaro Tsukumo that re-imagines the 90's era side scrolling game. There is an arcade version and a dongle version of the game in addition to the normal version. The best thing about "Infinos Gaiden" is that it is very easy to play, but challenging to master. But the most important thing is the care and detail that has been put into the game's rich graphics. For instance, if you look carefully, even the large holes are filled with reflection. You can find lots of exciting gimmicks. The game's music has also been remastered and expresses the excitement of modern times! ----[Gun] The weapon you control in "Infinos Gaiden" is a large gun called a "Gun" that was chosen for its large size. The Gun can shoot out 3 different lasers. The main strength is the Gun's charge-up, and a continuous flow of higher level Guns can be obtained from defeating enemies. The only disadvantage is the Gun lacks firepower. The charge up for more

The man who destroyed the career of the woman who shot Congressman Scalise was later charged with aggravated assault against U.S. Capitol Police. James T. Hodgkinson, 66, shot up a Republican baseball practice earlier this month on June 14. As first reported by the Washington Examiner, Hodgkinson allegedly shot John T. Shea II on June 14, resulting in the injury of two Capitol Police officers. Hodgkinson was arrested on the same day and was charged with “attempted capital murder of a law enforcement officer.” According to the notice of criminal complaint: On or about June 14, 2017, in the District of Columbia, the defendant attempted to kill a Federal law enforcement officer, United States Capitol Police Officers, by means of a firearm, to wit: Johnson, a handgun, in violation of D.C.Code 22-3202. The shootings were not an isolated incident. As previously reported by the Daily Caller’s Stephanie Hamill, Hodgkinson came on to her as the men were picking up their gear to leave for their Washington D.C. trip and told her “he wanted to kill Republicans”: Amber and John Thompson and their two sons, Joe and Matthew, were picking up their belongings at the main entrance of the Republican baseball team's practice facility on June 14 when a man approached the family and told Joe they were Republicans, The Washington Examiner reports. The man then asked: “You know we’re out here to kill you f---s,” according to Amber Thompson. He also mentioned he had a “fully automatic weapon” that was later determined to be an AK-47. “He kept asking me if I knew we were Republicans. He asked my brother if he was a Republican. He pulled out a piece of paper, he said: ‘I know we’re

out here to kill you f---s. I saw you at the airport. I saw you talking to your brothers,'" Thompson told the Examiner. Thompson said she did not see the man as he had his back turned, but said that when he did turn around he was holding a rifle in his hand.
