Mets Beat Diamondbacks to Advance to NLDS NEW YORK — Johan Santana continued his strong start for the New York Mets on Sunday, and Carlos Beltran drove in the game-winning run as the Mets beat the Arizona Diamondbacks 5-4 on Sunday to advance to the National League Division Series. Santana was 9-1 with a 1.78 ERA for New York in the regular season. The Mets will face the Los Angeles Dodgers in a best-of-five NLDS beginning Monday night in Arizona. The Diamondbacks have made it to the playoffs for only the second time in their franchise history. They last advanced to the NLDS in 2001, when they lost to Philadelphia. Santana gave up four runs and eight hits in seven innings for the Mets. The right-hander struck out seven and allowed just two walks. Arizona had a chance to tie it in the ninth, but manager Bob Melvin's pinch hitter came up empty. Eric Byrnes led off with a single to right, and he took second when left fielder Chris Young dropped a fly ball. With two outs, John McDonald's RBI single made it 4-4. The Diamondbacks put runners on the corners with one out, but Santana struck out pinch-hitter Chris Young to end the game. The Diamondbacks brought in Kevin Appier in the ninth after Cain left with a strained left side. Yahoo! Sports reported Sunday that the Diamondbacks were in talks with the Tampa Bay Rays for pitcher Jake Peavy. If they land Peavy, the Diamondbacks would be giving up on Cain, who is scheduled to make \$32 million this season and next, according to the report. Los Angeles is awaiting the arrival of ace Clayton Kershaw for Monday's start. Roenis Elias drove in two runs for New York. The Mets went 0 for 7 with runners in scoring position in the series against Arizona. Santana, who went 16-4 in the regular season, has a 1.73 ERA in three postseason starts.
